

PASSENGER CAR ENGINE OILS

INNOVATIVE OILS THAT PROTECT AND PERFORM.

Your customers deserve the very best from their engine oils, whether they're driving a family car, a hard-working truck or a treasured high-performance vehicle. We offer a wide range of innovative oils, including the long-standing Conoco Super All Season brand and Kendall® GT-1® motor oil with Liquid Titanium® protection additive, gas-saving oil that helps engines last longer by fighting wear and reducing friction.

Conoco® Super All Season Synthetic Blend

Viscosities: 5W-30, 5W-20, 10W-30

A premium-quality, part-synthetic engine oil for gasoline and flex fuel cars, SUVs and light trucks in all operating conditions.

- Helps engines last longer by reducing wear
- Reduces harmful sludge and varnish that can affect performance
- Outperforms conventional oils at similar pricing
- Friction-modified to help save gas

KENDALL® GT-1®

GAS-SAVING OILS THAT FIGHT WEAR AND FRICTION.

Kendall GT-1 Full Synthetic with Liquid Titanium® protection additive

Viscosities: 0W-20, 5W-20, 5W-30, 10W-30

Premium-quality oil delivers maximum wear protection for high-performance engines in all driving conditions.

- Saves gas and prolongs engine life by fighting wear, reducing friction
- Delivers optimal protection in extreme weather, stop-and-go driving and towing heavy loads
- Keeps engines clean by resisting varnish and sludge that can affect performance
- Easier starts and better engine protection in cold weather

Kendall GT-1 Synthetic Blend High Mileage with Liquid Titanium protection additive

Viscosities: 5W-20, 5W-30, 10W-30, 10W-40

Specially formulated for advanced protection and performance in vehicles with 75,000+ miles.

- Saves gas and prolongs engine life by fighting wear, reducing friction
- Reduces leaks by revitalizing seals and gaskets
- Limits harmful deposits better than conventional oils
- Improves performance and minimizes exhaust smoke

Four unique brands. One high-performance family.

Phillips 66 Lubricants proudly offers innovative, high-quality products through its four unique brands: Conoco®, Phillips 66®, 76® Lubricants and Kendall®.
